(Poor Fishermen-

56th Wedding

Anniversary

Mr. and Mrs. W.M. McDermott, Lower Ganges Road are receiving congratulations from a host of relatives and friends on the occasion of their 56th wedding anniversary celebrated January 30th.

Mr. and Mrs. McDermott have resided on Salt Spring for 25 years. They were married in Ontario, later moving to Alberta where Mr. McDermott was a pioneer stock man. Their family consists of one son, Walter McDermott, RCAF Holberg, B.C. and six daughters, Mrs. Nels Degeen, Ganges; Mrs. Arthur Lindskog, Ladysmith; Mrs. Wm. Marks, Port Alberni; Mrs. R.M. Kirkham & Mrs. Gordon McAfee, Vancouver and Mrs. Leslie Patterson, Deep Cove. Four adult granddaughters include Mrs. Michael Morris & Mrs. Tommy Isidster, Smithers; Mrs. Gail Fox, Edmonton and Miss Judy McAfee, Vancouver.

Friends from near and far are in agreement with one of the family who said, "Our parents are wonderful people." DRIFTWOOD joins Salt Spring Island friends in extending felicitations to this fine couple.

While we haven't been able to spot any beaver on St. Marys Lake, we sure have found a passel of beaver cuttings found at St. Marys Lake. Some say the gnawing could have been done by muskrats, sea otters, & field mice. Another said the so-called teeth marks

Through inadequate screening and lack of care of the outlets at our lakes, giant trout are escaping from the lakes to die in shallow pools in the "slash" choked creeks. The fish, striving for a gravelly area to spawn, are able to negotiate the inadequate barriers, but once outside of the lake, they are unable to go up or down the creek and are trapped to die of eventual starvation or suffocation.

Last Monday, two very large Cut-Thunk trout were displayed. One of them weighed close to nine pounds and the other was a mere seven pounds. These fish & others had been captured in a shallow pool, in the debris-strewn creek below Weston Lake. Both fish had spawned. The spawn, in all probability, was wasted with no chance of the hatch to survive.

The evidence at Weston Lake and at other lakes indicates that something should be done immediately to rectify this situation. Adequate screening and proper outlets should be installed and the creeks should be cleared of logs and debris to allow fish to migrate from & to the sea. Many of our creeks, now choked by log-

or of B.C.

From all of these we have got a variety of opinions about the beaver cuttings found at St. Marys Lake. Some say the gnawing could have been done by muskrats, sea otters, & field mice. Another said the so-called teeth marks

(Part of p. 5)
COMING AND GOING

Phono: 264

Mr. & Mrs. D. Cavaye, Echo Ridge, are now enjoying the warm sunshine of Hawaii. They left Salt Spring last week for Honolulu and plan to be away for several weeks.

Mrs. Evelyn Pankhurst, Montreal, and Miss Antoniette Paradis, Vancouver, were recent guests of Mrs. R.T. Meyer and Miss D. Mickleborough, Vesuvius Bay. Presently visiting the two sisters is Mrs. Harold Webster, Victoria.

Mr. & Mrs. Harry Woods, Portland, Ore., and Mr. & Mrs. Hugh Gordon, Vancouver, dropped in on Salt Spring friends while guests at Harbour House over the week-end.

Mrs. A.M. Brown, Rainbow Rd., spent the week-end with her son, Lyle Brown in Vancouver.

Mrs. D.M. Abolit has returned to Ganges after an extended visit to her home in Orillia, Ontario, where she nursed her father following his serious operation. Mrs. Abolit left her patient much improved in health.

Dr. & Mrs. O.L. Stanton have returned to their Scott Road home after spending five weeks at United Keno Hill Mines at Elsa, Yukon.

A.M. Brown, local assessor, attended the annual banquet of B.C. Appraisers Association held at the Empress Hotel, Victoria, at the week-end.

Of all the substitutes, a substitute speaker is the worst.

Kin Hubbard.

FULFORD NEWS

by Bea Hamilton

The annual meeting of the Burgoyne Bay United Church Women was held at the home of Mrs. D. Morris last week, with 14 members present. Arrangements have been made to hold a Valentine Tea at Nancy's Coffee Bar on February 12th.

Dr. Norah Hughes took the chair during the election of officers. All officers were returned and are as follows: President, Mrs. A. House; (Cont’d to P. 3)

**********

Miss V. Sallis returned home last week after spending a few days in Vancouver, where she visited friends. Captain C. House returned to Vancouver after spending a few days with his family, Mr. & Mrs. A. House. Our old friend Bill McLean is going into the Veteran's Hospital in Victoria this week. And Mrs. J. Gossart is a patient in the Duncan Hospital.

Mr. & Mrs. A. McManus Jr. are back and well tanned after a two week visit to Mexico. They visited Dr. & Mrs. L. Lambert whilst there.

Mr. & Mrs. A. E. Rodgers and Mr. & Mrs. Fred Atkins were among those attending the government reception held following the opening of the Legislature in Victoria. Mr. & Mrs. A. D. Dane also were in Victoria for the opening of Parliament.

At the annual meeting of the Beaver Point Community Association, held last Monday evening, Mr. Andrew Stevens was elected President for the coming year. Other officers elected: Secretary-treasurer, John Klassen; Social Convenor, Mrs. Andrew Stevens; Committee Members, Miss Gwen Ruckle and Miss Doris Anderson.

The date of the famous Beaver Point Bean Supper will be March 30th.

SCHOOL NEWS

by Sally Barker

Some forty to fifty students garbed in western costume attended a Barn Dance convened jointly by Grades nine and eleven on January 25. Wagon wheels and hay decorated the hall giving an informal spontaneity to the evening and transformed the stark hall into a real barn-like setting for the traditional barn dances. Mr. Leullier and Mr. Matsuzaki kept a watchful eye on the proceedings.

Tentative plans for the choir are to enter the Cowichan Music Festival and to accompany the little ones in their production of "Hansel and Gretel".

Transformation of S.S.1 school from the atmosphere of the little red school house to that of a city school is slowly coming into being. Plans for publication of the first school annual to be published in June are under way by the graduating class under the sponsorship of Mrs. Hepburn and the commercial classes.

The local orchestra organized recently by J. H. M. Lamb will hold a second practise in Legion Hall on Saturday evening. The band is preparing for a Valentine dance to be held on Feb. 15 in Mahon Hall. Proceeds will be used to pay for instruments and other musical items.

Of interest on Salt Spring is the marriage in Vancouver of Miss Joyce Marlene Lough, sister of Mrs. Howard Byron, North End Road, to Mr. James Kenneth Barr of Vancouver. The ceremony took place last Saturday in St. John the Evangelist Anglican Church, North Vancouver with the Rev. L. A. C. Smith officiating.

The bride is well known on the Island, having attended the local high school from grade eight to graduation. Mr. & Mrs. Byron and Mrs. Byron Sr. travelled to Vancouver for the wedding.

SPRING PRELUDE
by Elsie Worthington

Take a soft shapeless straw bag, invert it, pinch it here and there, with a tuck at some strategic point, and presto - an up-to-the-minute spring chapeau is created.

The secret lies in knowing how to "pinch" and "tuck" and "pin" to achieve that chic look that sets a hat apart. That secret is one of the things the ladies of the night school millinery class are learning. Working under instructor Mrs. C.J. Wrightson the students have finished making winter hats and are now busy with spring bonnets.

After choosing a style the ladies go to work on the "foundation". This may be only a wire frame, but is usually a "shape" made of buckram (stiffened cotton or linen material). One student is using a piece of fibreglass window screen purchased at a local hardware counter. This has the advantage of being firm; softer than buckram for sewing, and is not affected by dampness.

One attractive wide-brimmed hat that would do justice to any lovely bride-maid was in use by the "...

Having made the hat form, the student then covers it with silk, satin, fancy straw or straw cloth. Wide bands of fine mohair braid; lovely coloured plaited straw; ribbons; feathers, and a galaxy of artificial flowers provide a rather bewildering selection for the trimming of a lady's hat. In making a choice, personal taste is guided by the experience of Mrs. Wrightson, who learned millinery craft from "the lining out".

Students are also learning the technique of remodelling an old hat into a more fashionable style. I watched the changing of an outdated felt into a more stylish shape by means of a kettle of steam and a round block of wood. Here again, the fingers played an important part, pulling and coaxing the hat into its new shape.

When the ladies appear in their new Easter bonnets they should receive praise; not only for the stunning creations they have achieved, but also for ingenuity in using anything that comes to hand, be it the window screen or the bed room curtain!

Of course, a new hat calls for new shoes; and a gal needs a matching handbag, doesn't she? And naturally there must be a new dress to go with the ensemble. That's why a new hat does so much for a woman's morale. And she can save money by making it herself!

WHAT'S COOKING ON SALT SPRING ISLAND

LEFTOVERS - The thrifty housewife hates to throw anything away, but what can be done with tiny bits of leftovers? Try these suggestions:

Poultry stuffing gives a new flavour to soup. Add applesauce or canned fruit (chopped) to a batch of cookies. Use less milk. Chop or grind ham or bacon stir into beaten egg and fry. Makes a change for sandwich filling.

Stir grated cheese into breakfast hotcake batter. If the family doesn't like it, at least it will wake them up enough to protest!

Mrs. H. J. Carlin and Mrs. E. Worthington attended the government reception held following the opening of the Legislature in Victoria. Other Salt Spring residents noticed among the throng of 3000 packed into the Crystal Ballroom, were Mr. & Mrs. P.G. James and Mr. and Mrs. J.D. Fletcher.

Canada's Eskimos number about 11,500. Most of them live north of the tree line on the rim of the mainland.

Is your Furnace Oil leading a DOUBLE LIFE?

Shell Furnace Oil with Sonitor does it.

Shell Furnace Oil burns hot and clean, and at the same time protects your storage tank! Sonitor, which comes free with your order, helps prevent costly leaks...can actually double the life of your tank.

BEAVER (Cont'd from P. 1)
look like a novice chain saw operator chattering his way through a small sapling.
Evaluating all the expert opinion, we say, fearlessly, there is a young beaver (young ones make different teeth marks) on St. Marys Lake. How he got there? Majority of the experts think the beaver was planted by someone & a few of those who believe the beaver is there contend that he could have swum from VanIsle.
If anyone sees the creature, let us know.

- BOXING CARD -
Under the sponsorship of the Lions Club, an outstanding boxing card will be presented at Fulford Hall on Sat., Feb. 9th at 8:00 p.m. It is anticipated that boxers from Victoria, Vancouver Island, Vancouver, and the Fraser Valley, as well as local boys will be here to compete for honours. It is expected that winners from the recently completed "Emerald" competition in Vancouver will be competing here. Tickets are available from any member of the Lions Club or the Boxing Club.

Mr. & Mrs. W.H. Saunder, Jackson Avenue enjoyed a week-end visit from their son, R.H. Saunders, Ottawa.

WHITE CANE WEEK - FEBRUARY 3 - 9
In a special White Cane Week message Mrs. J.T. Patterson, President, The Canadian Blind, said, "because doctors state that half the blindness in Canada is preventable we are dedicating White Cane Week, February 3-9 to good visual health and urging Canadians to safeguard their sight."

White Cane Week was started in 1946 by the CCB and The Canadian National Institute for the Blind to point out to the public that the white cane is the symbol of the sightless. Held annually through the past 16 years, the week has always been educational in character and has never been associated with fund raising. It has dealt with the problems of blindness, and the achievements of blind people. Because it is a double tragedy when someone loses his sight needlessly, the president pointed out, "we wish to arouse in the public an awareness of what it means to see. "Eye-sight is like electricity," she said, "When we have it we think little of the service it provides".

Blind herself, Mrs. Patterson is a capable person, & the head of an organization that operates 79 recreation clubs for blind persons from coast to coast. She has met the blind in every province of Canada and in other parts of the world. She knows the value of vision and the limitations blindness imposes on those who suffer the handicap.

"As we grow older we become more a prey to such diseases as glaucoma and cataracts. Statistics show that about 100,000 Canadians have glaucoma right now and are unaware that they have it. An eye examination will catch such conditions in the early stages and can mean the difference between good sight and blindness - blindness that doctors say could have been avoided".

- NEW BAKER -
Mr. W.H. "Hart" Bradley, President of McGill's Bakery, Ltd., has announced that beginning February 1st, Mr. Pat Derksen of Vancou-

ver will be in charge of the baking at the local plant. Mr. Derksen has been a baker most of his life and brings to McGill's a wealth of experience and bakery know-how. His specialty is home-made type of bread.

DID YOU KNOW?
That a logger on Salt Spring Island used to tell his work mates prodigious stories of his hand-to-hand struggle with wild animals in the interior of B.C.
One day he arrived at work wild-eyed with excitement telling the crew, in great detail, of a big bear that had attacked his cabin the night before, and explained how he had finally driven it off with a club. His friends never did reveal to him that they, themselves created the commotion, scratching and growling behind his cabin, and he stayed inside every minute, venturing only a few timid cries of, "Go away".

DRIFTWOOD DRIFTWOOD
UNITED CHURCH
ANNUAL MEETING

The Annual Pot Luck Supper and the Annual Congregational Meeting of the Salt Spring Island United Church were held on January 21, with Rev. Norah L. Hughes, Ph.D. presiding and about 45 members present.

The supper was arranged by the two groups of the United Church Women in Ganges.

A year of progress was reported. The Ganges Church has adopted an orphan boy in Hong Kong; that is, by paying $130 a year they provide him with food, clothes, education, and medical care. During the year, the debt on the new manse has been reduced by one-quarter. Women’s groups, Sunday School, C.G.I.T., Tyros, Explorers were reported. The Choir with Mr. Alec B. Angle as Manager, and Mrs. J. Tomlinson as Director and Organist has done good work.

W. Luth Reid, Mrs. R. J. Young, S. Claibourne, Mrs. N.T. Vodden, House, Miss O. Mouat.

According to an Associated Press dispatch from London: The BBC lifted a long-standing ban on jokes about royalty, sex and religion on its light entertainment television programs. It scrapped a 15 year old Code of Good Manners - which had applied only to light entertainment in peak viewing hours - had laid down an absolute “keep off” about cracks concerning:

Lavatories, effeminacy in men, immorality of any kind, honeymoon couples, chamber-maids, fig leaves, prostitution, women's underwear, animal habits especially in rabbits, lodgers and commercial travelers.

Scraping of the code also automatically lifted the embargo from jokes about the Royal Family, abuse of political figures and acts of Parliament, and references to Jews or any other religious sect.

Explaining the change, a BBC official said: “We are now relying on the discretion and good taste of program directors.”

- BRIDGE NEWS -

Bridge-loving residents are invited to play with night school students on Thursday evenings at 8 o’clock in Mahon Hall. Chas. Mouat is instructor of the intermediate bridge class which meets each Monday and Thursday. Classes on Thursday have been opened to the public at a small charge of 25¢ for each player. The purpose of this invitational bridge is to provide challenging play for the students and other interested bridge devotees.
WORDS OF INSPIRATION

"I the Lord will hold thy right hand, saying unto thee, Fear not; I will help thee". Isaiah 41:13.

Do not look forward to the changes and chances of this life in fear; rather look to them with full hope that, as they arise, God, whose you are, will deliver you out of them. He has kept you hitherto, - do you but hold fast to His hand, and He will lead you safely through all things; and when you cannot stand, He will bear you in His arms. Do not look forward to what may happen tomorrow; the same everlasting Father who cares for you today, will take care of you tomorrow, and every day. Either He will shield you from suffering, or He will give you unfailing strength to bear it. Be at peace then, and put aside all anxious thought.

Francis de Sales.

PRESS CLUB MEETING

by Bea Hamilton

Elsie Worthington and I went to the meeting of the Canadian Women's Press Club in the Press Building in Victoria last week-end. We found that they had made $65 on the recent draw of the cake baked by Mrs. Muriel Wilson - this goes toward a bursery for some graduate student who wishes to continue her studies in journalism. One or two Victoria people won the prizes. Miss Bess Forbes, of the Times, moved a vote of thanks to all who had bought tickets etc. Elsie and I had a good time & met many of the Press women. Also we met our guest speaker, Lance Whittaker of the Oak Bay Leader. We enjoyed his excellent talk on the Doukhobor problem. Elsie is writing his talk out - and it will be worth reading. There seems to be two sides to the Doukhobors - inside & outside - and the trouble is that when the Doukhobors come inside-out, they are minus clothes & it is just their way of protesting because we numbskulls cannot grasp the message they are trying to give us - even when they give us the bare facts! Oh, well - "This B.C. Government, " says Mr. Whittaker, "is doing more to help the Doukhobor problem than any government so far. And it is a very real problem."

LETTERS-TO-THE-EDIToR

"Dear Sir: I am not what my mother would have called a "natural born grumbler". Still 'n all, I do feel that a certain gentleman who drives down Fulford Hill could use a little more restraint in the use of his horn.

Last evening, while trying to rest after a particularly tiring day, three strident and prolonged blasts from that blankity-blank horn just about took the top of my head off.

Mr. Motorist, if you must warn your friends of your approach, why not send a runner ahead of you, or on bright days, light a signal fire? These methods would not disturb the peace and harmony that go towards making Fulford Hill such a delightful place in which to live. (Signed) Winifred Colmer".

MOTHERS' MARCH

Kinsmen Bob Young will direct the annual Mothers' March in Duncan on Feb. 2. Funds raised will go to the Poliomyelitis and Rehabilitation Foundation of B.C. to help the disabled to walk and work again.

Salt Spring Island is included in the Duncan area and the Club will be soliciting for funds by mail.
