Fifty Years of Ministry

On Sunday, May 20, Rev. T. P. Wright of St. Mary Lake, will celebrate the 50th anniversary of his ordination to the priesthood of St. Mark's Church in Canada, now known as the Anglican Church. The ordination service was held in St. Paul's Cathedral, London, Ontario, where he had been ordained to the diaconate the previous year.

He started studying at Western University when the First World War broke out in 1914. Being a member of the militia he was immediately called to serve. After a few months training he was sent overseas early in 1915 and did not return to London until 1919 to continue his studies. In the Second World War Mr. Wright joined the R. A. F. and served as a pilot with the Royal Air Force. After the war he returned to London and continued his studies.

He was based in England, Scotland and Germany during those years. After returning to Canada he served in the Peace River district before moving to Canmore, Alberta. He retired to Salt Spring in late 1967.

WALKER HOOK SALE STOPPED - COURT UPHELS BAN

Cannell, Mr. Cannell said that the lot could not be sold on the grounds that permits to build on them could not be obtained. Greater Victoria Medical Officer of Health, Dr. L. L. Whitbread, has advised to the developer that he must construct septic tanks or to limit himself to the quarter-acre lots.

The developer had protested his action and Judge M. T. Tyrrell-Drake upheld the decision. Cannell appeared and appealed his ruling and the Court of Appeal has set aside this judgment.

The subdivision was approved and registered in 1988. Lots are too small to meet requirements which did not exist at the time of subdivision. Spurring the developer to have the subdivision denied was Director Marc Holmes, of Rural Harbours.

INCREASE IN EVERY DIRECTION DURING 1972

Everything went up in 1972 at Ganges. There were more patients, more staff, and more work and more hospital. Annual reports presented last week at various islands showed an increase in every area, except births, which were down.

Chairman Joan Purchase of North Pender told the islanders that the hospital now enjoys the services of a radiologist, one obstetrician and one gynaecologist, one specialist in internal medicine, two psychiatrists, one plastic surgeon, one orthopaedic surgeon and one orthopaedist in addition to the active full-time doctors in general practice and two respiratory staff. There are also two dentists on the courtesy medical staff. Miss Purchase reported that the board of management is undertaking extensive changes in the hospital to take care of additional foods. The Capital Regional Board approved the sum of $69,700 for this purpose and tenders will be called shortly.

During the past year new equipment has been installed, including an emergency operating theatre and a new operating theatre. In the laboratory are a flame photometer, blood bank refrigerators and a new microscope and other equipment.

Seen any good ants lately? My ants are all fat and well fed and the crow is particularly fond of them. It's surprising that so small a bug could be so enviable, but I was wakened several times on Sunday night by questing beasts crawling over me.

Odd how many crumbs are dropped down everywhere on the island. Exceptional crop of ants was met with a comparison of Tom Brown's Schooldays as well as the middle of Strauss. They're not everybody's cup of tea. I enjoyed both, I would enjoy them more if they were present in longer episodes over a shorter period. They may not be the best. I'm not arguing that, The only real beef I have is the strain and frustration of watching a scene set in another time by the same people. It's not everybody's cup of tea. I would enjoy going to see shows without breaking for ads is my dream of escape. Everyone coos today with annoying regularity into a modern setting for the advertisements. ARTIST STRANDED OVERNIGHT AT GALIANO

A famous artist and his friend made an unscheduled stop at Galiano one day last week. They had flown in from Calgary to Deep Cove, to pick up a 22-foot cruiser. The cruiser ran out of oil in Active Pass, a strait just south of Vancouver Island, and they had to call her into Sturdies Bay.

David Gavan, Calgary, oilman, and Gary Tully, well-known artist, and David Gavan, Calgary, oilman, enjoyed a stay at Galiano Lodge overnight, and then went on their way after the engine had been repaired by George Tully. Mr. Gavan has been commissioned to paint the Queen, as well as work for the RCMP Centennial in Calgary.

Raiffeisen’s idea has grown into 79,000 credit unions in over 100 countries — the most far-flung financial system in the world.

Tommy Douglas, Islands M.P., came to Galiano recently to have an informal talk with Islanders at Galliano Lodge. Following dinner with several of his close friends, an overflow crowd jammed the lounge to hear what he had to say, and to ask many questions.

Mr. Douglas said that this has been the most exciting season in all of the years he has attended in Otter Bay more things have been done in the past four months than in the previous four years. Veterans’ allowance has been raised, as well as family allowance. In a question about foreign ownership, he said that Canadian banks will not lend money to a Canadian business, but an American bank will, also that the demand for lumber in other countries has pushed the prices upwards.

Mr. Douglas suggested that she apply on Galiano, and she will be considered when a position arises.

Douglas’s opinion of David Lewis was invited.

He is an able lawyer he is doing a very good job, and he is also a Rhodes scholar.

A lively exchange of ideas ensued when a young and pretty girl complained that she is unable to find a job doing the kind of work normally undertaken by a man. She offered to show the refusal she has had in the past.

Mr. Douglas suggested that she apply on Galiano, and she may find employment.

Of the C. E. Y. and L.P., he said that the ideal is good, but some of them have been poorly administered.

Douglas was thanked by Mrs. C. British Columbia is more than just your Province.
It's your home.

A land where waves pound down on long beaches.
A land of deep green forests filled with fish and game. And silence.
A land of mountains that disappear into the sea.
A land of clean cities and clear air.
A land of valleys full of friendly faces and warm handshakes.
A land where fresh fruit ripens in warm summer sun.
A land of highways and backroads that beckon.
A land where history still lives with today's way of life.
A land that offers those fortunate enough to live here, the qualities of life that tourists travel miles to experience.
In a world that's being civilized out of its senses, come back to yours this summer.
Take the time to look around you.
At a land to love. To be part of.
To be proud of.
Your land... British Columbia.

STUDENTS TO MEET COST

Grade 8 and 12 classes of Salt Spring Elementary School will be participating in exchange trips in June, with students from Kamloops and Fernie.
The teachers and school trustees have planned some excursions for visitors from the distant areas, as well as for local children and the numbers involved will probably be about 40 altogether.
The trips planned include one to Victoria with a visit to the provincial museum and Stanley Park, and one to Duncan to the Cowichan Forest Museum and the Cowichan Pulp Mill. A day will be spent at Beaver Point, hiking and picnicking.
Although the school board is providing transportation to and from these points, it is up to the parents and children to raise the money to enable these trips to take place, and many things as ferry fares, and admittance to some of the places mentioned above have to be provided.
When island children go on their return visit to Kamloops and Fernie, the parents and children will have to do the same thing.
Trips like this are educational and beneficial to the children and teachers believe it is up to island property owners to support them.

Lions Entertain Ladies

Galiano Lions honored their ladies last week, at Galiano Lodge, in a most royal manner. Ladies were presented with corsages, and welcomed by three Lions, Mike Lane, George Tully and Gary Lupton.

Lion president Frank Sawarab was master of ceremonies. Voting for the honor of best dresser was asked by John Ilves, and only out by one vote, than 50 members and friends.

Following dinner, Frank Sawarab spoke briefly, paying tribute to work done by all of the ladies who belong to the Lions club. He then presented each one of them with a golden pin, in a feather design with a cultured pearl, and the Lions emblem.

Dame's Night, March, expressed her delight with the pin. It will be cherished by every lady, she said.

Lion Dave Oliver, who stands six-foot-four, and weighs more than 250 pounds, was given a large pin. "Scape-goat of Areus" Dave Oliver is a professional wrestler.

A presentation to Lion Stanley Page and his wife was made by Ian Tanner George Tully, Mr. Page thanked the club for the gift of a desk pen set.

Entertainment was provided by Tall Talker Tom Cashlan and Norman Porter, who sang several ballads. Dancing rounded out the evening. In the elimination draw, last lady out of the hat, was Mary Knowles, who won a charming dinner for two at Galiano Lodge.

Other prizes were won by Mrs. Marion Van Valkenberg, Winnie Liver, Mrs. Janet Harrington, Jim Bowes and Donna Martin.

Feeding a committee

Many of the select standing committee on municipal affairs got a bad eagle's view of the Gulf Islands before arriving at sandhill; two schooners.

At noon, the nicest bunch of guys and gals poured into the lodge, congratulating over. Visitors and home team were turned loose on a buffet lunch, except to Van der Valk's Ridge Cove Country Club in full flowers. However, that is par for the course, at least two council, actually.

DEFINITION OF A GOOD DRIVER

Probably the best short definition of a good driver is: A good driver drives with consideration for all companions - and all bad driving. So is lunching along the busy highway at 55 miles per hour, bumping the baffle for the course, it is very, very common when a crowd gathers to see him extricated from an automobile wreck, everything the man-at-the-wheel is liable to attract adverse attention to bad driving.
In the next ten years you’ll pay about $180 too much to heat your water with oil.

(That’s if oil prices don’t go up. Again.)

Or, you can switch to a Cascade electric water heater. First of all, you’ll get all the hot water you need. Silently. Dependably. You won’t have to fret about fuel delivery. Nor will you have reason to worry about environmental damage. Electricity is clean.

Best of all, on Vancouver Island it’s the most economical way to heat water automatically. Compared to oil-fired units, the total cost of a Cascade electric water heater works out to approximately $18.00 less a year.* (In some areas you could save over $21.00 a year.*) If you think $4.13 a month to rent an oil-fired water heater sounds pretty reasonable, consider this:

you’ll pay only $1.16 a month to own a Cascade, over the next ten years.* And that’s more than reasonable.

Last of all, every Cascade unit carries a ten-year guarantee on the tank. If you wish, convenient financing can be arranged through B.C. Hydro. No matter how you add it all up, you get a lot more than hot water when you switch to Cascade.

*Based on operating conditions and calculations detailed in B.C. Hydro Technical Bulletin CWH 1-73, available at all B.C. Hydro offices.

All the more reason to switch: Cascade 60 now $50 off!

Some dates to remember on this busy Island: Saturday, May 18, auction at north Galiano by Norman Russell, at the south end, bridge, cribbage, darts night at Galiano Golf and Country Club.

This is a really busy day, at the Red and Om Club at 1—1 in the afternoon from the Fish and Game branch, senior officer Bob Sinclair and Mr. Haddington will be on hand to hold a meeting in the clubhouse to receive more viewpoints on whether to ban or not to ban hunting on Galiano, also some more light on where the ban may or may not take place.

On May 16, there will be a quarterly meeting of the Galiano Chamber of Commerce in the community hall. Everyone is welcome, but only members in good standing can vote on any issue.

On June 8, will be the opening of Centennial Park on Whaletown Bay, with invited dignitaries coming for the day and in the evening, a dance at North Galiano Hall.

More of our friends are suffering from this dreadful flu — Mrs. Fred Robson is still not well, Fred is a little better now Miss Joan Lockwood is looking much better, too, but Ches and Marion Williams are still suffering. It is long, miserable and really difficult to shake off.

SATURNA

BY PAPAJOHN

It was a wonderfully quiet week after the previous one. Several noteworthy events took place. Number one is that Al Kerr has a missing front tooth. Stories started to fly around about how he lost it but in the end the rumours ended very practically. he had been into the dentist.

Benny Begon had been to Dallas Texas for a business trip for a C. Lightweight Aggregate, and we all expected him to come back with a ten gallon hat and start "yowlin'" it around but Benny was just tired and didn't see much outside of conference rooms. The days of the old fashioned conventions seem to be a thing of the past. Now it's real world.

Clarice Wardlaw's sister-in-law, Mrs. N. Wardlaw has been staying with Clarice for the last few weeks. Clarice is doing fine and has continued to play the organ for our wee Kirk every Sunday morning. Uncle Alex Ralph has been talking his evening stroll every day and turning up for Church Services as well. Of course, Eddie Field is looking after him and they are getting on fine.

For the first time in years we didn't make the annual Lady Jarrow Hospital meeting on Thursday, but ye Chairwoman ain't of the Board, Jean Purchane and our capable executive Administrator, Harold Hoffman managed, with Lorraine Campbell, bell's help, to get the meeting over without my help. The Hospital reports were good and that is something we should thank the board, the Administrator and the staff for.

Our participants Joanne Hope is always doing favors for her customers including me. That is one of many reasons why we are glad to report that George is coming on fine. He is in Gorge Hospital, Victoria, so why doesn't everyone who reads this send thank the board, the administrator and the staff for.

Our Children Barbecue on Saturday, May 19, will be another hit. The tickets are $1.50 for adults and 85c for children under twelve. There will be a door prize, refreshments will be served around 4:30 p.m. and dinner around 6 p.m.

Went into town last Thursday and, boy, oh boy I saw those alfalfa looking good. Col. Sanders is a has-been so far as we are concerned with our chickens. We have a secret sauce also, he can't cut grass when they come to cut our grass either. But then, WTC wants to cut grass when they come to cut grass for a visit?

Another happy couple this weekend are George and Bobbie Whiting, who had an alfie over for a visit. Too bad George can't get them over to help cut the grass around the church but then we can't get our son to cut our lawns. But then, BHC wants to cut grass when they come to cut grass for a visit?

Dr. E.A. Jarman and Dr. J.M. Nestman are pleased to announce that Dr. W.N. Shoichet is now working in association with them in general practice at the ARBUTUS CLINIC
