TRUSTEES NAMED FROM THREE ISLANDS

Three new trustees were elected by Lady Minto Hospital board of management last week.

On Mayne Island Mrs. Henry Fry was re-elected after serving a one-year term.

Lorraine French, a resident of Saltspring Island, was named at Saturna. She takes the seat formerly held by Lorraine Campbell. Mrs. Campbell has served out the full three terms and the hospital bylaws prohibit a further consecutive term.

From Salt Spring Island Mrs. John Brookbanks will fill the chair vacated by her, Ethel French, trustee were all elected at the five annual meetings staged throughout the islands last week.

Susan headset reports from Chairman Paul Layton, Administrator Harold Hoffman, and Hospital Auxiliary and medical staff, Speaker Mark was named auditor.

Medical Chief of Staff Fred Saunders prepared a report in which he explained that there were nine members of the medical staff, up by four from last year.

Some skills are duplicated and when a doctor is off-duty there remains another to offer specialty.

"This has been working out very well," reported Mr. Saunders, "and the hospital is working around the clock."

Pamela Wilson asked whether or the board had given any thought to a second story on the hospital. The chairman explained that this could not be considered while occupancy of the hospital stood at 80%.

The chief of staff of the hospital numbers 5% and Harold Hoffman in reply to a question from the floor.

The chairman also spoke of the work of Lorraine Campbell in connection with the hospital. "She is out after three years," he told his audiences. "She has done a magnificent job!"

He also spoke of the retirement of Mrs. French. "We have deeply appreciated her knowledge and her experience," he told the meeting, Mrs. French was the provincial government representative on the board before being elected to serve as local representative.

STAFF BUSY AT LADY MINTO SATURDAY

At Lady Minto Hospital, Wednesday, May 14, 1975.

Telling on the watershed hot site by Salt Spring Island residents recently has pointed the considerable number of islanders who believed they thought they were but voters were not on voters list.

Calling on the watershed hot site by Salt Spring Island residents recently has pointed up the considerable number of islanders who believed they were on the voters list when they were not, reports District Manager, Jonker.

The list is not up to date. He cited the 141 ballots which were rejected in the watershed vote because the voters were not listed.

Vote is not directly related to property ownership. Every islander must check that he is on the list.

Salt Spring Island residents may pick up a registration card at the Gulf Islands School District office in Ganges or at the Regional Director's office in the Courthouse at Ganges. Cards may then be left with the regional office in Ganges or mailed to the regional office in Victoria.

Jonker is named to hotel

Aid Jonker is the new manager of Harbour House Hotel.

A native of Holland, he has been in Canada for two-and-a-half years. Mr. Jonker (pronounced Jonker) is already in Ganges and busy at work. His wife is still in Vancouver and has yet to see the island.

If they are not on the list they will not be able to vote in the regional elections in November.

"I hope every resident who is not on the list will pick up his card and register," Jonker told Driftwood on Monday.
Before you burn!
Planning to clear land...burn brush, debris or rubbish? It could be dangerous...and costly. Too many forest fires are caused by "escaped" brush fires...it's a serious problem.
The Forest Service wants to help. Before you burn, you'll require a Fire Permit. Contact your local Forest Ranger...he wants to meet you...to explain how to do the job efficiently and safely. He might even suggest a different time.
Remember...you need a fire permit.

Michael Barker, to speak on insecticides...insecticides used in a knowledgeable manner benefit the gardener immensely, but used without informative information, they may do the utmost harm. We are fortunate to have a store on the island handling these items. Bees have a habit of turning up overnight, and need immediate remedial action.

Another timely topic will be the care of bulbs after the bloom has disappeared, in order to ensure good results for the forthcoming year.

to be frank

By Richards

According to rumored reports patients-care program benefited diagnostic therapy nearly got called occupationally. Nor that's a word already inside-marked.

And if you figure that somebody in nothing around the hospitals of the world, figure it out they Ande Dumas arrived at the hand men's position when she became Matron and she left that same office when she was known as the Director of Nursing. Then in came her new Director of Winning and what do you know... now she's the Director of Patient Care. It's an ill wind that blows anything good.

ULC Calendar for the year is putting a twist on rehabilitation reading. On page 176 the calendar explains that... "a student must receive a passing grade on the 'average' of these two 'curses'... it's likely that many a student has found them so.

... There are shampoo's that permit the user to remain the user and there are others that bring marginal results to the user. In the 90's 50, Chemist of pill and abrasive fame, offers a shampoo without modern rival. He lists the recipe for it himself, that would clean the hair and the scalp, neutralize the gloss from coals, paint, petrol, etc., and kill bugs too. It would also remove paint from tools. Finally, it would remove grease from tool boxes. Try it sometime! Aqua ammonia, 2 cm., soft soap, one, 3 cm. petrol, one teaspoon of salt. Let stand a few hours or a few days, wash and he was in use in 1928.

... Chamber of Commerce was discussing a gentleman's dinner the other day and inviting a hockey figure to speak. They didn't say whether they meant gross hockey or roller hockey.

... I didn't think they did it. The other day, after working in the garden I blew my nose but it was still sticky. 1

*furnished with my handkerchief and finally drew from my nose. At last I did so a large black carpenter ant fell to the floor. Did he go both of the handkerchief, to the nostril, or the other very sneezing?..."

GOLF & COUNTRY CLUB

CLUBHOUSE NOTES

BY PAT DOMERY

Busy golf week for the ladies starting on Tuesday when our team travelled to Pender for a field day. Everyone had fun, even if we did lose our fourth straight tournament.

Pender's Marge Rosemarie and Ella Stirling won low gross and net for their team. Our Dorothy Kennedy was a double winner, taking the low gross and special prize for the most greens on a hole ten (10). Jane Volden won low net. These hidden hole balls were won by Dorothy Kennedy, Dorothy Sneddon and Alice Fraser. Pender's Ann Fairweather won the longest drive.

On Thursday 37 Ladies participated in matches which saw Carrie Hardy, Glenda Lloyd, and Marge Fister win golf balls in the singles play on play-off 10 Leenna Dods was the winner with 27 puts. Janette Hall and Jill Johnstone played in an 18-hole tournament at Nanaimo with the District 6 girls. Ada Woodley would like to thank Idle for the lovely Mother's Day card, the gift and the card and reabar's.

In the mixed number 1, Loretta Dods and Gordon Hunter knocked off the holders Joy Teicher and Betty Williams. For the ladies we had special prizes for the longest drive and the nearest the pin. We also had special prizes for the most greens in one stroke and the putting contest. Our Mixed Match was a great success and we hope to have another every year.

EASIER DRINKING LAWS

Have a beer? A glass of wine? If you run short of either, just nip round to the corner grocery and get a fresh supply.

It's the new drinking pattern in British Columbia. Beer and wine will be available at grocery stores and restrictions on their consumption are to be eased up.

The proposed changes are an indication of an entirely new thinking here on the west coast relative to drinking.

How will this change in availability of intoxicants affect islanders?

On Salt Spring Island the effect will be to make beer and wine available at times outside the normal business hours of the Government Liquor Store. Beer is already procurable from the licensed premises in the community. Wine is not normally to be found.

On the Outer Islands it will introduce a new source of both types of alcoholic beverages. Where there is no liquor store, the availability of beer in quantity at the local store will bring a new ready supply to islanders.

The same change in liquor regulations also provides for the consumption of fermented liquor in public places. As the Attorney General has said, there can be no harm in a picnic with wine.

Most islanders still have some slight reservations.

The coming week end is one of the frightening aspects of modern living to many island residents. Hordes of young persons, mostly high school children from Victoria and Vancouver areas, will come to the island for a wild week end. They will consume large quantities of beer and hard liquor and they will assume the proportions of rioters.

There will be extensive property damage and public parks will be available to no other holidaymakers.

Just how the new regulations will relieve worried, and often frightened, island residents is not clear. It could be that while the cities enjoy a new era of sensible drinking the islands will be paying the shot.

And we have been paying this particular shot for several years already.

Letters to the Editor

SAFE WATER
Sir,

There is an old saying, "that fools rush in where angels fear to tread". We, on this island, are now about to witness the future of our ability to provide the most necessary commodity to our survival, water in a potable state.

Each cell in the human body is a chemical factory of a complexity beyond the entire known scientific knowledge of man. Since this complex chemical factory is supported in a body that is over 70% fluid, it behoves us as a society to play the part of angels.

To provide safe water within our present means knowl edge a preference for a rigidly controlled water supply is to be preferred, since the chance of prevention is worth a pound of cure. Given this as an impossibility we would use such knowledge as is available to provide water purification systems capable of reducing the levels of contamination, bacteria, viruses, etc. The dirt and plant growth is filtered out to some extent, and chlorine (in a form similar to bleach) is kept the bacteria count down, with little or no effect on vitamins.

No room for combating chemical or toxic contamination is provided in the supply of the human chemical factory.

As a city council or whatever authority is responsible for the water in your area I would appeal to all individual health conscious citizens of the community to notify your public health department when water is not acceptable.

J. O. KERLEY, Jr. 42, B. L. M. Magdalene Drive, Ganges, May 9, 1975.

ON BEING A NEIGHBOUR

Sir,

I truly do not think we should allow our government for any reason to be just a good neighbor. It's about time we stopped apologetic about the way we are seen.

If someone is in a house, offer to relieve the owner's emptiness, so they can get away for a couple of hours. Don't make love and for love's sake. Tell them of our church, our library, our parks and will not go unless they have been called on by a church member. They will want more friends here. Also tell them of our hospital, our doctors, dentists, etc., also of the many other community activities, library, etc. Everyone has a right to be wanted. Offer to take an older person for a drive. When making jams etc., put up a few small jars to take to an elderly or lonely person, helping, as we have a lot of home-made bread can bring a happy smile.

Also let's bring compassion back into every day life.

SENARIDES

SERENADES

PENSIONERS

Old Age Pension Organization in Ganges, Branch 25, was entertained on Wednesday afternoon, May 7 in St. George's Hall by a stringing called the Sidney Serenaders. They enjoyed a fairly good attendance, even though the weather interfered with a few to stay in their gardens.

E. Barber, first vice-president, thanked the group for their cooperation.

Tea and refreshments were served.

Our thanks, once again, to our Sidney Branch for such a very enjoyable afternoon.

COMMUNITY GOSPEL

PREVENT FOREST FIRES *

PREVENT FOREST FIRES
It was a busy year for the Lady Minto Hospital Auxiliary, reported Nora Chester last week, addressing the annual meetings of the hospital board.

The constitution and by-laws were revised. A by-law was established for a student planning to study medicine or nursing. There were two offered for the current year, each worth $500. Winners were Joan Rodwell and Susan Hoyte.

The Thrift Shop, the only means of raising funds for the hospital, has had a successful year, Mrs. Chester thanked donors of articles for sale in the store.

She specifically thanked W. M. Most and N. W. Hunter-Sorrey for their donations.

During the year the hospital asked for help on several occasions. She listed some of the ways Auxiliary money was used:

- Teaching aids for staff training and use, $2,052.78
- New wash basins, $1,095.77
- Transmission machine, $206.96
- Outside curtain track, $174.44
- Candy-striped uniform and pins, $272.65
- Extensive Care cart supplies and flowers for hospital, $424.00
- Comforter for Extended Care, $80.78
- Completion of two new hospital intensive, $4,401.50
- Emergency lighting, $1,045.76
- Physiotherapy equipment, $7,007.46
- Miscellaneous equipment, $5,458.75

The contributions amounted to a total of $13,589.15.

Miscellany included a vintage welding machine, portable dishwasher wheel chairs, bed screen panels and other equipment.

Mrs. Chester recalled last year's 60th anniversary of the establishment of the hospital on May 20 last year, when Charter Member of the board, W. M. Most officiated. Sale of work made by Extended Care residents amounted to $104,85 at that time.

Mrs. Ethel Davidson was in charge.

Youth training program was introduced last year in cooperation with the Red Cross and Gulf Islands Secondary School. Thirty students took the course and passed their written examinations.

The Auxiliary extended good wishes to the former Matron, Mrs. Helen Shandro, and Mrs. Ian Brown, who attended the regional conference in Vancouver last June and Mrs. Paul Layton, Mrs. Helen Shaub, Mrs. Chester and Mrs. Davidson went to Penticton for the annual GNHA convention.

Letters from Senator Island were presented to the New Year's baby, Clinton Leo Helfrich, by Mrs. Chester.

LET'S ALL RAISE OUR OWN HATS!

BY Lotta Phunne

Fashion-conscious ladies and gents of Salt Spring will be delighted to hear that hats are back in vogue. This is the dictum of Miss Hedda Bopper, of Hollywood, who is coming to Salt Spring on May Day to commentate the original Hat Competition, sponsored by the Salt Spring Players, famous local drama club.

"No one, but no one should appear without a chapeau," declares Miss Bopper. "Ladies in reduced circumstances need not feel deprived of this pleasure. With the abundance of lush growth on your beautiful island one need only step outside of the door, pick a crown of golden dandelions, tie a bundle of clover over each ear, maybe your cat has snaffled a bird, such endless possibilities. Chamber pots are not recommended as they tend to lodge themselves on one's head, creating a problem in removal."

A panel of judges will be selected from the most illustrious members of the community and prizes awarded to the winners. It is hoped that the gentlemen of the community will enter the contest as men on Salt Spring appear to be even more hat-conscious than the ladies. Carpenters should be especially interested in this creative activity. See you all on May Day!

Sample of the Mad Hatter's work is modelled by an unidentified Salt Spring Island woman. She was not sure who she was.

ENCHANTMENT

I cannot see with clarity
Sweet Eros, God of Love,
Who calls to me.
But carried on the morning breeze,
With sound too vague to chart,
An evanescent song I hear
To catch me in the spell
Of sonneteer.

There's no escape as Love well knows -
I'm bound to follow him
On dancing toes.
- Grace A. Wright.

VIEW OF THE PAST FROM A SCHOOL

BY LILLIAN HORSDAL

The red-painted frame school stands empty, looking somewhat forlorn and alone, in a field of dried, brown grass. It looks empty, somber, how, during the spring season, when flowering shrubs and wild flowers blind their charm. The day I visited the building was during last summer when the day was really warm. The flagpole was innocent of any flag and the tall fir trees stood like so many sentinels on three sides of the school.

Inside, over one of the four blackboards was a poster proclaiming in large, red print "To commemorate our Pioneers from the days of the '50's, and the memory of the days of the '60's."

The school building was built in 1854, by Charles Beddis and Sons. The school was officially opened September 29, 1885. It was built mostly by volunteer labour.

A list followed of those families with descendants still living in the district: King, second and third generations; Fyffe, second; Stevens, second and third generations; Pappenburger, second generation; Fyffe, second, third and fourth generations and Stevens, second and third generations.

The school building was built in 1854, by Charles Beddis and Sons. The school was officially opened September 29, 1885. It was built mostly by volunteer labour.

Another list, a lengthy one, was written on another blackboard. Some of these were unclaimed and partly erased by time and visitors brushing against them.

There are some of the teachers down through the years: Miss Jackson, 1885; Miss Kate Fittins, Miss Bertha Tang, Miss Agnes Suckle, Robert Waddell, Miss Florence Sisson, Norman Mor- rison, W. C. Symons, 1877-78; Miss Lily Edith, John H. Moore, 1880-81; Miss L. McQueen, 1920; Miss K. C. Symons, 1907-08; T. C. Gregor, 1892-94; Miss Inga Dolomina, Miss W. Cook and Miss Munie Wrigley, 1894.

The wooden plank floor is a spot scuffed in places and some of the paint has been worn off. Old-fashioned desks are firmly attached to boards which, in turn, are fastened to the floor. Shelves are missing from two of the desks, whose iron scroll work on the sides is very ornate.

On the back wall there was a coloured illustration of the various croissants which make up the Union Jack and the Canadi- an linden.

One blackboard has notes left by visitors to the school. One notation ringed with white chalk reads: "The Mostoff Family. We are proud of the brave and handy S. C. Papp- enburger. We hope you fail Spring Island Historical Society will preserve all the treasures and the building."

The school is under the care of Mr. and Mrs. E. Petersen, Mr. and Mrs. O. Wallace, Mr. and Mrs. Pappenburger, Mr. and Mrs. R. Griffin, Mr. and Mrs. R. Douglas, and Mr. and Mrs. E. Petersen.

Several games of bingo rounded out the enjoyable get-together. Although blind, George Codey, birthday at their home on CRUS Edwina road.

Many friends enjoyed a sponge cake and a birthday cake made and decorated by Kathy Taylor. Several games of bingo rounded out the enjoyable get-together. Although blind, George Codey, birthday at their home on CRUS Edwina road.

SURPRISE PARTY FOR HIS BIRTHDAY

A surprise birthday party was held on Saturday evening, May 10, in honor of George Codey's birthday at their home on CRUS Edwina road.

STUDENTS
AWAY TO MAINLAND

On Monday it was the turn of the Galiano. Grade Six students from Kerrisdale, in Vancouver, were on Salt Spring Island last week.

On Tuesday Grade Six students from Salt Spring elementary school went to Vancouver to visit their newfound friends on the mainland.

They were accompanied by Mr. and Mrs. Davies and Miss Robins.

RIDING CLINIC SUCCESS

The Harpy Riding Clinic, for Salt Spring Island Riding Club is progressing well again this year.

This year, the third session began on May 25, with 40 riders involved. Spectators may watch at either location. In Fullerton it is at Walter Lush's property and in Ganges at Rainbow Road near the cement plant.

The show concludes this Sunday to be held on Saturday, May 31 at 1 pm. This will be at the Ganges Ring off Rainbow Road.

Well-known Victoria judge, C. G. Carpenter will be the judge for that day.

The 40 riders of all ages will participate. In this show, Spectators are advised to bring chairs.

BABY SITTERS COMPLETE COURSE

Classes were recently completed for a group of young people under the joint sponsorship of the Salt Spring Island Parent-Child Centre and Continuing Education. All those registered completed the examination successfully and the sponsors hope that the public will look to these assistant babysitters when requiring babysitting services.

Those taking the course are Marlene Taylor, Fiona Russell, Fiona Threlfall, Donald Stirling, Tisby Stirling, Sharron Prickett, Colleen Towsley, Sharon Anderson, John Tudor, Peggy Stacey, Heather McMillan, Frances Perry, Debra Leighton, Enid Fitch, Steven Montgomery, Carolyn Lien and Alan Layan.

RECYCLING STARTS UP ON MAY 24

BY SPECIATOR

Recycling will roll again on May 24.

The trucks will be here next week to empty the recycling shed, and it will be open for business on Saturday, May 24.

We’re hoping to have a truck on hand and extra workers to cope with the huge backlog of recycling... if your basement is anything like mine, you’ve got recyclables everywhere.

Be sure to tie the newspapers in firm bundles. Liquor bottles can come without being washed but please wash and remove labels from all the other glass bottles.

Sorry, we still can’t take magazines, as we have no mar ket for them.

Wash and flatten all tin cans and we’ll be ready for you on Saturday, next week.

BASEBALL ON THREE FRONTS THIS WEEK

Baseball began on three fronts this week and all spring teams continued to do very well.

The Little League team won their third straight game on Sunday — 14-0 after earlier wins of 12-5 and 12-2.

The Babe Ruth team also won on Saturday, a 12-5 win over Cowichan.

The Little League Cardinals tied K & R Dodgers Thursday at 6:30 pm at the Little League Park.

The Little League Cardinals play on Sundays at home and the Babe Ruth team plays Lynnhurst-Foltz at home Sunday evening at the Fulford Playing Field.

Q. What can I do to remedy the inside of one of my aluminum vessels which is beginning to turn black?

A. Slowly stew some acid fruit, tomatoes, rhubarb, etc., in the vessel and watch the sparkle return. And the food, itself, won’t be harmed.

Q. How can I remove rust stains from a sink or bathtub?

A. A mixture of one-half cup grapefruit juice and one-half cup salt.

Q. How can I prevent tarnish on my costume jewelry?

A. If you’ve got a stick of ordinary blackboard chalk in your jewelry box, this will aid in preventing tarnish. This same idea works well in silver cabinets, too.

THE PLANS...

(No.1) Designed to your specifications and blue-printed.

(No.2) With an itemized materials list with prices.

THE HOUSE...

All work is custom and made to fit on the job-site, including logs, windows and doors, cupboards and cabinet making, rock work and chimneys, etc.

THE PEOPLE...

Are experienced and still in the Gulf Islands.

June Sixth BROADWICK SPRING FESTIVAL MAY 15-JUNE 16, 1975

British Columbia Government Department of Travel Industry Hon Ernest Hall, Minister - R. L. Coyle, Deputy Minister

Pick up your free "Schedule of Events" booklet at any B.C. Branch of the Canadian Imperial Bank of Commerce, Recreation office or B.C. Automobile Association office.

Hockey News

On Thursday, May 8, a march was played which pitstex Salt Spring Island boys against a North Vancouver boys team.

The teams' ages ranged from 13 to 15 and all the players in that age group are being play-
ed during our regular hockey season participated.

It was hoped to give the players an idea of what play-
ing on a larger rink is like as well as to possibly start vari-
ous exhibitions games with other communities.

North Vancouver will be coming to Salt Spring on a re-
turn match later this month. The game was a tremendous success, even though our boys lost, 4-2. It seemed our team just what the coach Mor-
ryr Allman has been trying to teach them, that you have to play your positions and to try to fill out the entire team.

Gordie Lee and Brian Anderson with "coaching" for the Salt Spring team while Randy Paul and Tom Tom Johnson penciled the nets for North Vancouver.

In the first period, Salt Spring led 1-0, then North Vancouver went as 2-1.

This got North Van going as they went on to score two more goals, singles by John Jacobs and Ray Williams to finish the period, 2-1.

In the second period North Van took two more unanswered goals.

In the third period, Salt Spring tried to put pressure on but were unable to score the same thing they had done in the game when Randy (toward a headlock) failed to score on North Van.

This was soon nulli-
fied when John Jacobs scored a goal for Salt Spring.

Many thanks to all who drove or offered rides and to others for the time spent to make the excursion a success.

ALGAE—We commonly think of algae as a smelly, yellowish-green scum on the surface of shallow ponds and lakes. In fact, however, the algae comprise a very large and diverse group of plants which play a very important role in the complex interrelationships of living organisms. As so-called "primary producers," they use the sun's energy to produce food substances consumed by various aquatic animals. These in turn provide food for larger animals such as fish and waterfowl. Occasionally "blooms" (production of large masses of algae) occur in response to a combination of factors including water quality and weather.

LEAGUE PUSHING AHEAD

BY COACH

On Sunday, May 4, Salt Spring Island Little League defeated Chemainus Towing by a score of 6 - 4.

The boys started out a little unsure of themselves, but backed by the pitching of Arnie Elliott and Kevin Kline, won. Trevor Tamboline pitched a full game and led the team. Trevor Tamboline pitched a full game and led the team. Trevor Tamboline pitched a full game and led the team. Trevor Tamboline pitched a full game and led the team.

On Sunday, May 11, Salt Spring tackled the Crofton team. Trevor Tamboline pitched a full game and led the team. Trevor Tamboline pitched a full game and led the team. Trevor Tamboline pitched a full game and led the team. Trevor Tamboline pitched a full game and led the team.

The boys are gaining confidence and with 21 hits they outscored their opponents. The boys are gaining confidence and with 21 hits they outscored their opponents. BOWLERS TRAVEL FAR

On June 1, they will again compete this time against Vancouver Island winners for the Zone Championships, THE GOLDEN AGE CLUB "The Happy Gang"...these bowlers have already won the zone championships at Nanaimo. This Thursday they will compete at Fort Coquitlam against other zone winners for the provincial championships. Win, lose or draw they are guaranteed a wonderful time, being hosted by the B. C. Bowlers Association.

The Happy Gang bowlers are Jim Holder, Lucy Moore, Walter Dow, VT Bowery, All Woodley and Sylvia Rogers.

LOCAL CHAMPS NAMED AS

All those who won a spot on the Bowler of the Week for the past season were eligible for this contest. It proved to be an interesting event. There was no handicap - the one who bowled the highest three games was winner.

Carol Kaye is the Bowler of the Year for the women, rolling 706. She was closely followed by Maia Buxton with a 696. Larry Davison is Bowler of the Year for the men, with a 784. Bob Marshall missed with 706. These two bowlers put on a real good show right down to the last frame. It was a see-saw battle, with Larry getting the lead in the ninth frame, while Bob was blessed with a head pin.

Alex Laing
Heads Salt
Spring Legion

The Salt Spring Island Branch No. 92, of The Royal Canadian Legion held their annual elections on Monday, May 5.

The 1975-1976 slate of officials and executive elected were: president, Alex Laing; first vice-president, Hugh Ross; second vice-president, Ivor Sibley; treasurer, Fred Mor- ris; honorary treasurer, Harry Morgan; secretary, Audrey Bridget; executive, Chuck Hislop, while Bob was blessed with a head pin.

LEAGUE CHAMPS TOURNAMENT
Each winning team from the various leagues compete for the spot of top dog of Leisure Lanes.

The well-banged of the Sunday Night League won this tournament. Bowlers were Don Harrison, Anne Harrison, Jack Pothecary, Fred Jensen, Jim Holder, Lucy Moore, Walter Dow, VT Bowery, All Woodley and Sylvia Rogers.
The board passed the request. The regional board asked the Regional Board to take charge of the Capital Regional Board. Direction was readily identifiable and were son named. They were all not been submitted by the person whose names appear on the voters list.

The straws voted on by a ballot published in Driftwood in recent weeks asked for submission on minimum lot sizes. The ballot was published in Driftwood.

On July 1, 1974, the Emergency Health Services Commission announced the responsibility for the provision of ambulance transportation in the Gulf Islands. "A musical play in pantomime style took us out of the futility of life for five scenes with few breaks. They sang, talked and danced all the way through."

The presentation was so big that there is no room to list all the participants and explain how and what they did. The presentation obviously involved more of the intermediate students and others.

The music hall was packed. The audience showed their appreciation of what the children could do. At the piano was Joan Rainville, the composer of the musical. Producer was Irene Wright. Her touch was recognizable in the direction.

The Salt Spring Island Lions Club will serve their beef barbecue and Salt Spring Island Lion's Club will man the beer garden.

May Day is growing up. On Saturday, Salt Spring Island will mark May Day with a program running from breakfast to supper-time. The annual gala day on Salt Spring Island was given a start in the arm last year, when Jack Atholburn took over the reigns for the Salt Spring Island Chain of Commerce in a drive for recreation funds. The same man is behind the scene this year.

At 9:30 the day will get off to a start with a pancake breakfast sponsored by the High School band. Breakfast will be served until that time the stalls will be set up and in operation.

First on the program will be the Swap 'n' Scoot. This was so successful at its inception last year that 1974 should still have odds and ends in its basement left over from the project.

This year the vendors are on their own. Anyone can bring what he wants to sell, and then sell it. There will be no staff to sell it for him.

The big event of the day will be the program. Poets and children and bands and horses will head off from the hospital at 11 am, to arrive at the elementary school grounds at 11:50 p.m. The parade will travel on Crofton Road, Lower Ginger Road, Merritt Ave., Jackson Ave., and into the school grounds.

When the floats and other entries have paraded around the ground, the grand May Queen, Jane Toyrowski, will be crowned by last year's queen.

The day will be highlighted by eating and entertainment.

In the eating business, there is the barbecue at 9:30. Salmon barbecue at 11:50 and Lamb barbecue at 11:50. The Rotary beef barbecue is available at 2 pm and the Rod and Gun Club will keep the hot dogs smoking all day.

In the entertainment area, Ryan Smith will set the pattern at 11 am, at the piano, and the Baby Contest will follow at 11:45. The full high school band will be heard. The concert band will perform again at 3:45 pm. Ken Alexander, folk singer, will folk sing at 5:15.

When the entertainment from the main stage is concluded, some time after 4 pm, there will be hobo and art shows in the Mahon Hall and Livestock show in the school grounds, horses and donkey cart will offer rides for children.

Elementary school ballet will offer a salmon ballet at 3:30 and the baby Contest will follow at 3:45. "Meals on Wheels" by providence will leave the Gulf Islands.

The hospital has cooperated with an expression of thanks to staff and personnel at the hospital.

IT'S A HOLIDAY! May 19 is May Day this year because Victoria Day will be celebrated on the same day.

Big range of sources. Food filled up for Saturday's May Day celebrations in Gulf Islands. In common with other Canadian communities.

The Salt Spring Island Lions Club will serve their beef barbecue and Salt Spring Island Lion's Club will man the beer garden.

The salt spring Island Lions Club will serve their beef barbecue and Salt Spring Island Lion's Club will man the beer garden.

SUNDAY — ALL DAY

May Day gets underway.

SATURDAY — ALL DAY

May Day gets underway.
On this Mother's Day, 1975, Granville has come to mind to give thanks for our wondrous family we have. It is a strange and unexpected feeling.

Last night, Saturday, the community had the opportunity to attend our Fifth Annual Dinner. The event was a resounding success, with a delightful evening of music, dance, and fine dining.

The keynote speaker for the evening was none other than our dear friend, Mr. Granville. He shared his insights on the importance of family and community, reminding us of the values that have stood the test of time.

One of the highlights of the evening was the presentation of awards to our outstanding members. Among the recipients was our own, Mrs. Granville, who received the Lifetime Achievement Award for her unwavering dedication to our community.

As the evening drew to a close, the attendees were left with a sense of gratitude and hope for the future. It is evident that our community is strong and resilient, and we are proud to be a part of it.

Thank you, Mr. Granville, for sharing your wisdom and for being a role model for us all.
CLEARING ROADS NOT THEIR BAG

Wednesday, May 14, 1975

Clearing access roads is not the prime function of the department of highways, Salt Spring Island's Chamber of Commerce was told on Monday evening.

Addressing the Chamber's monthly dinner meeting, George Harper, district engineer for the department, told the Chamber that access to beaches is open to anyone who cares to make use of an access road. It is not the policy of his department to open up these access roads, he noted, where there is a clear public call for access and where it is clear that health hazards will not be permitted to develop, the department will open up on beaches or lake access roads.

He has taken record of cases where an access road has been closed by the department of health.

Mr. Harper took the hot seat for the evening, he said, from on high, all access roads as members brought out old complaints and new ones.

While a man buys property adjacent to a beach access he should be aware of that road, adjacent to a beach access he should be aware of that road, adjacent to a beach access he should be aware of that road, he explained.

Clearing access roads is not their bag, observed President Gerry Bourne.

Many owners are advised, commented Bert Timbers. He understood that when an access road is pre-empted and closed by the department of health, it is clear that health hazards exist.

The highways spokesman did not disagree, commenting that a variety of access roads had long since been pre-empted and closed off, he explained.

"It's a mare's nest," interjected from Tofino. If someone goes in and uses an access road, what is his legal position?

He would be within his rights, replied the highways department man.

It is the policy of his department to require that all beach access be closed in new subdivisions reported Mr. Harper. This also obviates the possibility of the land being subsequently pre-empted, he elucidated. The meeting agreed with him.

RIDERS ENTER MAY DAY

Salt Spring Island Riding Club is getting up into the high figures. There will be 50 horses and riders entered in the May Day celebrations on Saturday. Riders will offer pony rides for children after the parade. They will also stage a third class competition. In another area, the club is offering hot dogs and chili beans during the afternoon. Rides on home munire will be available to island gardeners during the day.

The club members will compete for the Gerry Bourdin perpetual trophy for the best junior rider on the island.

One word of caution has been expressed by the club. "Please watch for horses on island roads on Saturday," pleaded Christine Fleming. "We will appreciate your co-
