BAZAARNIVAL by Sally Barker

After weeks of worry, work and time the day for the Bazaarnival was finally here. In the last period of the afternoon the school was transferred in a matter of hours from the hallowed halls of learning to an expectant carnival atmosphere, with stalls being prepared and merchandise attractively arranged. Everyone in the school was doing his part. Just prior to the opening the final checks of the stalls were made and the "funny money", our own currency, distributed. Finally the doors were flung open for business which really began to boom.

In the lower hall the bazaar was underway. I am sure many went home with Christmas gifts, for that extra special person on the list. There were pillowslips and tea towels, hand embroidered by busy students & teachers, stuffed animals of all kinds for the little children, woodworking by the I.A. boys, Christmas wreaths and candles, plants and vegetables, miscellaneous and novelty stalls, and the ever popular home cooking. Two very popular attractions were the talent and the pie throwing contest in which entrants could vent their anger by throwing a pie. The talent show could easily have been the highlight of the evening with three performances to a packed house each time; many hours of hard work must have gone into this to result in the success it was. Upstairs, the carnival was in progress, with a game for everyone -

Mrs. Kelman retires from nursing career

Mrs. Ellie Kelman, well-known nurse at the Gulf Islands Lady Minto Hospital, is retiring on December 15 after 13 1/2 years on the staff.

Mrs. Kelman, who came here in Sept. 1949, began her career on Salt Spring Island at the old hospital where she was the night nurse for many years. She came here from Fernie, B.C. She had received her nursing training at the Edmonton Royal Alexandra Hospital.

Mrs. Kelman, one of the best bridge players on Salt Spring Island, is retiring to Victoria, where she expects to get in a lot of playing.

Best wishes Mrs. Kelman and may all your cards be aces!

Santa Claus coming to Salt Spring - 3 times!!!

200 shares sold - clubhouse start assured

Another major step toward more and better recreational facilities on Salt Spring Island was reached yesterday. The drive to sell an additional 200 shares (\$50 par) in Salt Spring Recreational Holdings, Ltd. to make an initial start on a clubhouse, was successful.

The Directors of the corporation are looking forward to an early commencement date on the new clubhouse, to be erected at the Golf Course property. The Clubhouse will become a focal point for many activities in the near future.

Congratulations
Salt Spring Islanders.
!!!!!!!!!!!!!!!!!!!!

These foggy days that we low-landers have suffered through, the Jack Fendalls, the Johnny Stepanuiks and the others who live up on the mountain have avoided. They have enjoyed nothing but brilliant sunshine.

Although a very busy man at this time of year, Santa Claus, well-known resident of the North Pole, on Island a little north of Salt Spring Island, will be making three trips to visit the children on this Island.

His first appearance will be at about 3:00 p.m. on Saturday, Dec. 22nd when he will arrive for the Lions Club Christmas Carol Singing, which will be held in Ganges beginning at 2:30 p.m. He will be arriving by airplane, (fog permitting) to meet all the kiddies and distribute candy, treats & gifts to all the children ten years of age or under. It is hoped that several hundred people are there to enjoy the carol singing and to see the arrival of Santa.

His second appearance will be the next morning, Sunday, Dec. 23rd, when he arrives on the Bellingham Wash., Junior Chamber of Commerce Christmas ship which is scheduled to arrive at the Ganges dock at 9:30 a.m. This ship, which had its difficulties during a stormy night last year, (it went up on the beach, remember?) is arriving at a decent hour this year and most of the kiddies should be able to get there to see their gift-bearing hero once again. (Cont'd to P. 2)

SANTA CLAUS

(Cont'd from P. 1)

Santa's third appearance will be unheralded, but expected. And unnoticed until the joyous shouts of early rising youngsters on Christmas morning.

BAZAARNIVAL

(Cont'd from P. 1)

dart-throws, bowling, pellet guns, electroloop, weight-lifting, target shooting, & nail driving. These were very popular with the more adventurous types. In case your feet gave out or your stomach gave in, there was a snack bar with beverages and delicious snacks served by the Home Ec girls. These are by no means the only attractions but the more popular.

At the end of the evening the draws were held. The door prize was won by George DeLong. The contest for the Dutch Beauty Salon hair set was won by ticket No. 21 which has so far not been claimed. If you have this ticket please call the school. The Christmas cake, donated by McGills Bakery was won by Barbara Newman. Mr. Daryl Georgeson won the pillow slips for his guess at the number of beans in a jar. The money was then counted and was well over \$600, of which \$100 or less will be for expenses.

A special thanks to all the merchants who made donations. Special credit should be given to the Student's Council and teachers who

have been planning the event since early October and to those students who contributed time and made themselves available for the extra work. When a school has the community backing up the projects it undertakes, by attendance and financial support, it is really appreciated. Let's try to make next year's Bazaarnival an even greater success.

CHAMBER CHIMES

by C.R. Horel (Pres.)

Lately there has been an increasing number of requests to your Chamber of Commerce to set about to secure lower speed limits in certain sections, to have parking restricted in other sections, to secure more and more rigid road signs, and it has even been suggested by some that a thirty m.p.h. speed limit should be in effect over all the Island.

There are good arguments for all these suggestions, particularly the very powerful appeal for the safety of life and limb, and certainly no one can deny that traffic control and regulation in some measure, is an absolute necessity. Nor would one suggest that high speed is desirable or even possible on our generally winding roads.

It is, also, usually fairly easy for an organization such as our Chamber, to press for, and obtain such restrictions, regulations, and multitude of signs, because acquiescence to such requests costs nothing, and Authority is always prepared to take on more Authority.

However, whenever any restrictions are brought into effect anywhere, we are all somewhat diminished; we have all lost a little because restrictions apply to all of us, whether it be not to exceed thirty from Beaver Point to the ferry, or not to park on the west side of the Ganges streets. And we have to remember, too, that regulations are seldom reversed - they multiply - we all know the maze of signs which provide five minutes reading for each city block.

This is not to say that all suggestions for regulations

DID YOU KNOW ?

That Salt Spring Island has approximately 75 miles of shoreline, and roughly 25 miles of that waterfront is sub-divided into some 350 lots and most are built upon to some degree.

At last count the number of Hydro users on Salt Spring Island was approaching 1200 and the number of telephones exceeded 300.

should be dismissed, or the matter be left entirely to Highways & Police officials, but we must be very careful in considering such suggestions to try to ensure that the Chamber endorse only such restrictions as are vitally necessary.

A Chamber of Commerce, after all, is aimed at progress in a community, with the implication that progress means some little bit more freedom of action or freedom from drudgery for every individual in the community; such targets are achieved through the breaking down of barriers and restrictions, new and better roads, better ferry service, better lighting, extension of electrification, better services all around. These are positive steps. Restrictions are negative steps, whether they restrict you walking your cat or driving your car.

Following is the result of the Ganges Sea Scouts and Wolf Cubs bottle drive held on Oct. 20th:- Beer bottles collected - 7,276; Pop bottles collected - 2,826; making a total of 10,102 bottles. The sale of these together with cash donations totalling \$11.80 made a total return for Scout and Cub funds of \$240.19 with no expenses.

Sincere thanks of the boys and the Scout Group Committee are due to the 16 good citizens who drove and freely lent their cars and time on Oct. 20; to Mr. Frank Barnes whose garage was used as an ideal collecting and sorting point for the bottles; to Mouat Bros. and their truck driver, Dave Winters, who transported all the beer bottles & some of the pop bottles to Victoria; & to the Trading Co. who accepted & stored the bulk of the pop bottles for pick-up by the soft drink companies' trucks.

Guard rails installed on Mt. Maxwell

Guard rails at the spectacular, but dangerous lookout point on Mt. Maxwell have been installed, according to a report by Mr. Des Crofton, Chairman of the Parks Committee of the Chamber of Commerce.

The rails were installed by the Parks Branch of the Provincial Dept. of Recreation and Conservation. Embedded in concrete, they remove a frightening aspect of Maxwell Park, especially for parents of small children. There are three view points now protected by guard rails, the high rocky vantage point, overlooking Maple Bay and overlooking Mount Baker.

In addition, the Dept. has increased the parking area in the park.

THE WONDERFUL WORLD OF CHILDREN'S BOOKS . .

by Val Haigh

THE SECRET WORLD OF OG

.by Pierre Berton

One of the great attractions of Pierre Berton's book is that the characters seem so real. This is not really surprising as the children are based on his own three daughters and two sons. The youngest boy, known in the book as Pollywog is a year old & a confirmed escapist who believes himself to be a dog. He is not alone in this delusion but shares it with the cat Earless Osdick, while the real dog, little Yukon King believes himself to be of gigantic proportions and enormously fierce.

The five children and their animals discover a tunnel which leads them to the subterranean world of OG, which is where their adventures really begin. If you have always believed in the possibility of fairies or goblins or little green men you will enjoy reading this story aloud. It is all so very logical; from the reason the little green men give for not coming to live on top of the ground with the white people to the ultimate destinations of the toys and other things children leave lying about.

A well plotted book with plenty of excitement (almost too much on occasion), plenty of humour and, essential if there are to be more stories about these very real children, a happy ending. Who could ask for anything more?

The regular monthly meeting of the Mizpah Unit, U.C.W. of Ganges United Church was held in the church hall with Mrs. J.D. Reid in the chair and 13 members present. Mrs. Gordon Scarff conducted the Christmas devotional service based on the theme, "Christ the King".

HAVE ARRIVED

AROUND FULFORD WAY. . by Bea Hamilton

Members of the Fulford Hall Committee have been putting on 500 drives to raise funds to help with the expenses of the Hall floor. Card parties have been held at the home of Mr. & Mrs. R. Akerman, Mr. and Mrs. M. Gyves, Mr. & Mrs. R. Patterson & last Friday, Mr. and Mrs. Al House held the fourth in the series. There were five tables in competition, and prize winners were Mrs. W.Y. Stewart, Mrs. A. McManus Sr. & Miss Cree Shaw.

Bob Patterson organized the games and thanked the host and hostess for their hospitality and for the delicious supper. Those present were: Mr. & Mrs. A. McManus Sr. Mr. & Mrs. R. Patterson, Mr. & Mrs. W.D. Patterson Sr., F. Pyatt, W. Shaw, C. Hamilton, Mrs. Drummond, Misses Gladys & Cree Shaw, Mrs. D. Morris, Miss Bea Hamilton, Mr. & Mrs. W. Mossop, Mrs. J. Dowds of Victoria, Mrs. Niles of Vancouver, Mr. & Mrs. M. Gyves, Mrs. W.Y. Stewart, Mr. & Mrs. House, Rosemary, Lindsay and Ken House The

monthly meeting of the W.I. was held at the home of Mrs. R. Lee on Wednesday. Miss Salliss reported that money was still mounting in the "Save the Children Fund", started here at the recent showing of the excellent paintings by H.B. Dickens. A vote of thanks was extended to Mr. Dickens and to Miss Salliss, who convened the exhibition. The sum of \$40 has been reached and it is hoped to hit the \$50 mark soon Knitting done for the Unitarian Service Committee was brought in. Members are sending the book "Salt Spring Saga" by E.A. Roberts to the Little Dean W.I. in England as a Christmas gift. Also a

subscription to the W.I. News-letter. Mrs. A. Davis is correspondent to the English W.I. Books and papers have been sent to the convener collecting for the West Indies. Some 15 personal gifts have been donated by members to be sent to the patients in the mental hospital. The meeting ended very pleasantly when Mrs. Jones of the Gulf Islands Florists arrived with her beautiful Christmas display of table arrangements. Mrs. Jones showed how she makes those pesky branches and twigs stand up - and it is simple once you know how - just ask Mrs. Jones - she makes the loveliest creations out of natural and artificial material. A hearty vote of thanks to the guest speaker and a hot cup of tea ended another interesting & helpful afternoon for all the W.I. members.

CHRISTMAS GIFTS

I sent my copy of the "Salt Spring Saga" away. I didn't want to because I like the book, but this is Christmas. And you know what happens when the Christmas spirit is about! You feel you want to give only the best to a friend who is faraway - so away went my nice book. But I know my friend will appreciate the gift and really, I couldn't think of a nicer one.

about the past, and though the past is pretty rugged in places, it tells the now civilized (?) world, how our pioneers lived. Not gentle, pampered lives, but tough, hard and exciting lives. It sort of gives our gentler friends a goose-pimply thrill! And they will think how brave and fearless we are to live where the not so distant

past crowded our doorstep.

Besides, where could you get such a nice gift of any value for about \$2? This could solve a lot of gift problems. I know of a number of "Salt Spring Sargas" now sailing away to other countries - and may a Merry Christmas go with each one.

JACK SCOTT WINS

The long-delayed fall Golf Tournament was finally resolved last week with Jack Scott handily whipping Fred Morris in the 36 hole final. With this win, Scott now owns about every cup in the men's division and is undoubtedly the Club Champion.

It seems that rocks in the front yard of the new School Board & Health Unit Offices have caused more of a stir than the referendum.

While pro and con arguments seem to be raging as to the advisability of having a rock garden instead of a lawn, we feel that too many people are jumping to conclusions much too early. Especially the person who suggested that perhaps the School Board had held a meeting and had taken the rocks out of their heads and had tossed them onto the lawn.

Wait and see.

As you will undoubtedly note in the ad to the right, the Ferry Authority has designated 11:45 a.m. and 3:30 p.m. of each Thursday as a "Dangerous Cargo" run of the "Geo. S. Pearson". No passengers or passenger vehicles will be allowed on board during those two times.

Of interest to local nature lovers, it has been reported by Adrian Wolfe-Milner that he and his son, Patrick spotted two albino seals sunning themselves up on a rock near Welbury Point last Sunday. There were four seals altogether. He reports that one of the albinos was of a huge size.
