

## There is still a chance to turn in or register guns

Although the official month-long amnesty program for turning in and registering prohibited and restricted weapons is over, RCMP at Pender and Ganges have made arrangements to continue registering firearms or accepting them for destruction until the end of December.

RCMP Corporal Terry Driscoll told Driftwood this week that arrangements have been made with the Sidney detachment to continue acceptance of firearms for destruction up to December 31.

Driscoll points out that there are sections in Canada's Criminal Code to cover those in possession of both prohibited and unregistered weapons.

The official amnesty program, which ran through November, was termed a success by Ganges RCMP.

### THERE WERE 29

Constable Darryl Simmonds reported that although the first three weeks turned up little, large numbers of people from Salt Spring and Galiano arrived to register or surrender weapons during the final week. On November 29 alone 29 people arrived at the detachment for that purpose.

The final tally for Salt Spring and Galiano included the registration of 45 weapons and the surren-

der of two prohibited weapons, 11 revolvers and six rifles.

Driscoll, who attended to the

rest of the Gulf Islands, said he had one firearm turned in and seven registered.

## Participate in Canada's Employment Tax Credit Program.

The Employment Tax Credit Program was introduced by the Government of Canada to stimulate employment in the private sector.

In essence, we're encouraging you to expand your work force by providing a tax break for your business.

The potential annual tax credit for each new employee is over \$3,000. And there is no limit to the number of new employees you can hire.

Now, by using the experience we've gained so far, we've changed the program

to make it even more attractive.

### Up to 33 1/3% more tax credit.

The maximum term for the tax credit has been increased from nine to 12 months for each new employee. That means up to 33 1/3% more tax credit.

### Greater eligibility.

We have expanded the number and types of businesses eligible to benefit. Now almost every business that's been operating in Canada for a year or more can join in.

### Wider choice of new employees.

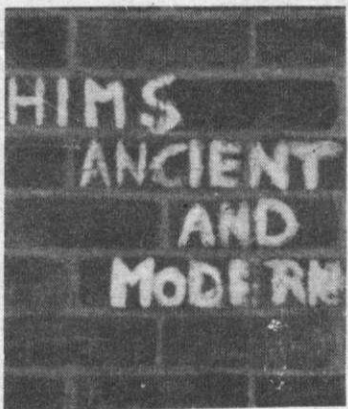

Now, almost anyone who's unemployed and registered at a Canada Employment Centre for a minimum of two weeks is eligible.

### A minimum of red tape.

We've simplified the procedure, so you can do the whole thing, from beginning to end, with just two single-page forms.

For full details on the program, contact any Canada Employment Centre/Canada Manpower Centre.

### That's one way!

The sign was seen on the wall near a men's toilet in England. The establishment advertising the facility was adjacent to a church. Tony Knight took the picture.

**DOES YOUR WATER SMELL LIKE ROTTEN EGGS?**

Culligan announces greatly improved technology to eliminate hydrogen sulfide, the cause of "that odor", tarnished silver, ruined washables, blackened paint.

Take the first step to solving our water problem by calling for a free water analysis, no obligation.

## Down Through The Years With Driftwood

### 15 YEARS AGO

Sunday, Dec. 1 the Rod and Gun Club held a very successful turkey shoot at their range on Scott Road.

The club plans another shoot for next Sunday, Dec. 8 at 10 am to 3 pm. Coffee and hot food will be available.

This would be a good time to go out to the Rod and Gun Club to view the lovely site they have cleared out of the woods. All with donated labour and materials, the club has cleared a shooting range up to 100 yards and an archery range. There is a shelter near the club house where the marksman can keep dry.

The small boat basin under construction in Ganges Harbour is fast approaching completion.

The dredging operation is expected to be finished by next week. Extra reinforcing rock is presently being hauled in to support the bank of the fill area.

The dog obedience club recently completed a series of dog training sessions.

Saturday, Nov. 30 they got together, without dogs, for an evening of fun at Central Hall. President W.E. Evans welcomed members and guests to the party.

The dogs will have their day on Dec. 13 when local obedience trials will be held.

Several Anglican W.A. ladies will compete for honours in a contest, to be judged by popular vote, for the best decorated tea table at the annual Christmas bazaar to be held Saturday, December 7 from 10.30 am to 4.30 pm in St. George's Parish Hall.

Christmas gifts, needlework, home baking, delicatessen and garden produce will be available.

\*\*\*

### 10 YEARS AGO

Link with a past long gone was destroyed by fire a week ago. The old house at Fernwood Farm was razed when it proved to be infested with termites.

Property of Mr. and Mrs. J. Harkema, the house goes back in history to the early days of settlement.

The first part of the house was probably built when one of the early stores was located on the farm property and Joseph Levi, merchant, advertised his wares in Victoria. He is listed in one old city directory as offering a good selection of groceries.

The Burgoyne, Noralight and Mizpah units of the United Church Women of Salt Spring Island wish to thank all their friends and supporters for their help, donations and attendance at the annual Christmas Bazaar held on Thursday in the Church Hall, making it such a very pleasant and successful event.

Nearly \$650 was realized during the afternoon from the many stalls full of delightful items, all made with loving care.

Cougar Hunt was on in the Fulford area this week when a number of residents and farmers were out looking for the animal causing losses among sheep.

With thousands of acres of grazing land in the southern area of Salt Spring Island

the number of sheep are a constant attraction to the big cats.

Housewife who has already gained note for the quality of her baking is now in the cooking business on a full time basis.

When Ken and Rita Dods took over the Reef Fish and Chop Shop last week Rita was in her element.

The couple have been on the island since 1955 when they came here from Victoria, following the woods in which Ken Dods worked as a logger. When logging slowed down on the island they were already sold on the community and stayed here.

Salt Spring Island Lions Club have undertaken a new chore this year.

The service club is sponsoring the tag day program for the Canadian Institute for the Blind.

In previous years the campaign has taken the form of a tag day in Ganges and a small section of the community has been canvassed.

### FIVE YEARS AGO

Buildings to the value of better than \$4 million have been approved in the islands during the first 10 months of 1973.

This includes permits to the value of about \$300,000 during October.

Salt Spring Island has been the centre of activity, with almost double that of the Outer Islands.

SPEC is still busy fighting the sewer disposal scheme proposed for the community of Ganges.

The Vancouver-based headquarters of the Society for Pollution and Environmental Control took issue with the plan when it was first formulated. The society contends that the area of the harbour where the outfall would lie is too turgid for adequate disposal of effluent.

Jack Kenton has left Edmonton.

He had to get out of the Alberta city in order to look after his affairs on Salt Spring. Jack Kenton and his wife, Pauline are the new owners of Cedar Beach Resort on St. Mary Lake.

Public hearing will be held before the application for a sewer system in Ganges will be accepted.

Pollution Control Branch of the provincial government has announced that no permit will be issued until technical evidence has been taken at the hearing to guide the board in its deliberations.

Sewer Committee of Salt Spring Island Chamber of Commerce sponsored the scheme to provide a sewer system in Ganges. Committee gained the support of the Capital Regional District through Director Marc Holmes and the application was made by the regional district.

Mercury went up to a top figure of 55 degrees at Ganges during the month of November. Cold spot of the month was 27 degrees on the fifth. Warm day was the 11, according to figures published by the Dominion weather observer of Ganges Hill.

Precipitation was more than twice the average for the month, at 10.39 inches including six inches of snow.

## SPORTS

# Sockeyes maintain winning momentum

BY MALCOLM LEGG

The rain played havoc with the intra-island schedule and the Sockeyes played havoc with their opponents as another busy weekend of soccer closed down.

The poor weather and muddy field conditions kept the youngsters from playing any games mid-week. The weekend weather improved slightly and the local girls' team took advantage of the break to play twice, resulting in two big wins.

Considering the Sockeyes played both games with many key players missing they showed a lot of poise and composure in picking up two very convincing wins. The two games also saw the girls achieve their victories through two styles of play, with a very disciplined style of soccer on Saturday and a much looser, scrappy style of play on Sunday.

The high-lights were as follows:  
**S.S.I. Sea Products Ltd. Sockeyes:**  
3

**Peninsula Cardinals: 1**

The Sockeyes were faced with a tough test as they had three first

string players on the sick list and the game would determine which team would be in first place.

But the local girls squad rose to the occasion and with strong performances from every player, especially the girls filling for the regulars, and a very disciplined style of soccer the Sockeyes earned a well-deserved 3-1 victory.

The Sockeyes discipline showed both offensively and defensively throughout the game. Offensively the girls utilized their well-practiced cross balls to do their scoring.

Shauneen Spence, a spark-plug all game long, slid a perfect pass down the wing to Gerry Irwin. Gerry's sharp cross was deflected by Becky Hagan on to Jill Johnson, who drilled it home.

On the second goal Shauneen was again involved as she corralled a Gerry O'Sullivan pass and crossed a perfect ball. The high cross eluded the Peninsula goalie and Donna Moulton slammed the ball home.

Goal number three saw Shauneen feed Becky a break-away pass on the wing. Becky's shot was stopped but Jill, who covered every corner of the field during the game, banged in the rebound for her second goal.

At this point the discipline of the Sockeyes defence came to the fore, as the forwards tired. The defence of Trish Cannon, Melody Cue, Sunday Byron, Theresa Byron and Cathy Anderson held fast as they checked the fleet-footed Peninsula forwards. Time and time again they squashed Cardinal threats and calmly cleared the ball away.

Behind them was the Sockeyes

super goalie, Janice Hull, who really turned on her stuff late in the game with several spine-chilling saves.

All in all a tremendous team win and a little breathing room in first place.

**S.S.I. Sea Products Ltd. Sockeyes:**  
3

**Duncan Girls: 0**

Another win for the Sockeyes but their system broke down and the girls played rather scrappy soccer in gaining the victory.

The first half ended scoreless - the result of some poor shooting, bad passes and weak teamwork. Too much individual play appeared to hurt the Sockeyes, a team known for its excellence in passing.

Fortunately the Sockeyes defence, led by a spectacular performance from Theresa Byron, was as solid as ever in gaining their shut-out. With the defence holding the Duncan team in check the Sockeyes offence began to roll. Vicky Byron's and Janice Hull's crosses started to pay off, in fact Jan playing her first full game out of the nets played a very solid game and also scored the last goal from a corner-kick.

Shauneen Spence had the Sock-

eyes' other two goals but all the goals were of the scrappy nature, a reflection of the play.

Even so, two games in two days is not easy with key players missing in both games.

By winning both, the girls showed the ability to gel as a unit under many different circumstances. This is a tribute to a fine bunch

of girls, listed as follows; Janice Hull, Trish Cannon, Melody Cue, Cathy Anderson, Becky and Geraldine Hagan, Theresa, Vicky and Sunday Byron, Donna Moulton, Jill Johnson, Brook Holdack, Gerry Irwin, Shauneen Spence, Gerry O'Sullivan and Denise de la Franiere.

Next Week: Gorge at Hampton Park.

## Pender volleyball Pirates win tournament on Salt Spring

BY WAYNE TAYLOR

Pender Pirates won the First Annual Salt Spring Fernwood Girls Volleyball Tournament, narrowly edging the Mount Brenton team, from Saltair, 4-11, 11-8, 11-8.

There were six teams participating in the tournament, with the two entered from Salt Spring and two from Fernwood. Standing after the round-robin play was:

|                |      |           |
|----------------|------|-----------|
| Mt. Brenton    | 10-0 | 10 points |
| Pender Pirates | 7-3  | 7 points  |
| Fernwood "A"   | 4-6  | 4 points  |

|                 |     |          |
|-----------------|-----|----------|
| Salt Spring "B" | 4-6 | 4 points |
| Salt Spring "A" | 3-7 | 3 points |
| Fernwood "B"    | 2-8 | 2 points |

Winners of the semi-finals were Mount Brenton, narrowly edging the Salt Spring "B" team two games to one and Pender defeating Fernwood, 11-6 and 11-7.

The improvement of all the teams over the day was very significant as this is the first competition the teams from Salt Spring, Fernwood and Pender have been involved in.

Major contributors to the success of the volleyball tournament were the excellent refereeing done by Larry Spence, Barbara Woodley, David Marsh and Mike Hoeschmann from the high school.

Congratulations to the Pender Pirates coached by Richard Tallboys and to Bill Clerry, who brought his team over from Mount Brenton.

Plans are under way for a major tournament for the boys in January.

Carol Kaye came the closest yet to bowling an 800 triple for the ladies.

She came up with 798. For her efforts she became the lady bowler of the week.

The male bowler of the week was Ken Collins with 829. Other good scores came from Connie Kelly, 712, 718; Andy Fisher, 708; Kevin Noble, 818; Leo Toutant, 712, 780; Ken Collins, 829; 783; 772, 714; Jim Glenn, 702; Charlie Byron, 791; Pat Byron, 794; Cyril Beech, 751, 774; Carol Kaye, 798; Art Dawe, 718; and Frank Keoppel 753. The three hundred games came from Ken Collins, 352; Connie Kelly, 313; Cyril Beech, 312, and Ed Allen, 312.

The Men's league has to be one of the most competitive I have ever bowled in. All four teams have been on top of the league at one stage or another. No team has yet taken four points of another one, and with just two weeks to go in the first half, there is just a three points span between the top team

## DOWN THE GUTTER

...with Ken Collins

and the bottom one.

The bowlers of the month, for the past month of November were for the ladies, Carol Kaye, and for the men it was Ken Collins.

You still have time to get in on the ten game bowlathon that gets under way on Saturday at 6 pm. We already have a total of 20 people to date, but we always have room for more.

It's nice to see so many new faces entered this time. I'm sure they will enjoy it as much as we do.

## SPORTS

## Cusheon Covers take tournament in two straight wins in finals

Cusheon Covers defeated the Slammers two straight games to win the Wednesday night Volleyball tournament. This is the second

time in three tournaments, the Cusheon Covers have come out on top.

In the round-robin play the Senior Boys came out on top of "A" section, followed by Slammers, Spikers and Teachers. In "B" section Cusheon Cove came out on top of the section, ahead of the Diggers. The Senior Girls placed a very creditable third followed by the Junior Boys.

The Senior Boys were disqualified, resulting in the Slammers meeting the Cusheon Covers in the finals.

Plans are underway for a mixed tournament sometime in January, probably on a Saturday or Sunday.

Teams interested should con-

tact Wayne Taylor at the Elementary School. Each team must have at least three males and three females on the floor at a time.

### Traffic lights!

The road was up and so were the lights.

Last week the road between Canal Road and Salt Spring Island Golf Club was controlled by traffic lights.

Works crews engaged in laying the new water line employed automatic lights to control traffic while a single line was maintained.

## Island bride to make home in lower mainland city

On Saturday evening, Dec. 2, at 7 pm, Brenda Jean, eldest daughter of Roy Harding of Galiano, and Mrs. H. Gillette, became the bride of David London, of New Westminster.

The quiet wedding was held at Trinity United Church, in Port Coquitlam, with Rev. J. Anderson officiating.

The lovely bride came down the aisle on the arm of her father. She wore a suit of grey, and blouse of dainty lace. She carried a bouquet of daisies, roses and baby's breath.

Her only attendant was her sister, Miss Karen Harding, who wore a pretty dress of multi-colour browns.

Immediately following the ceremony, a reception for the immediate family was held at the home of

the bride's mother and step-father, Mrs. Herb Gillette and Mr. Gillette.

The wedding cake, two tiers, was decorated by Mrs. Ralph Stevens, of Galiano, and featured yellow roses, with a miniature bride and groom at the top.

Toast to the bride was given by step-father-in-law, Herb Gillette.

For her daughter's wedding, Mrs. Gillette wore a gown of blue silk, her own wedding gown of three years ago.

Out-of-town guests were the groom's mother, from the upper part of B.C., and the bride's father and step-mother, Roy and Mary Harding, of Galiano.

The couple will reside in New Westminster.

## Galiano Island

BY MARY ELLEN HARDING

On Saturday, Dec. 3, you may have noticed a group of people working at the Community Hall.

They went out and built a brand new set of stairs, the long ones, facing east.

This they did in the rain, and president Geoff Finnis is very grateful to the many volunteers who came out to work to do this urgent job.

On December 10, the annual Christmas service will be held at the church of St. Margaret of Scotland with the school children taking part. This is always a joyous occasion, hearing the voices of young people at the festive season brings us all something special.

On Sunday, also, at the Hall, the big Christmas tree will be decorated, this will begin at 11 am.

On December 13, the School Christmas party will be held, the concert, then we understand that someone named Santa Claus will arrive.

We hear of turkey shoots being organized up at the Rod and Gun Club, so please watch the bulletin board for times, you may be lucky enough to win a turkey.

#### GOLF CLUB

During the Golf Club presentations at the Hall last Saturday night, there were two not mentioned, they were given by Jack Wright, and he expressed regret of all friends on the Island, when he gave a plaque to Arthur Platt, and his wife, they will soon leave the Island, and Mr. Platt has been very active in the executive of the Club for some time. The other plaque will be sent to Mr. and Mrs. John Arnett, who have already left Galiano, for their great contribution to the Club during their time spent on the Island.

On the evening of November 25, a baby shower was given for Mrs. Steve Pattison. She received many gifts, and there were about 20 ladies present, to wish her well.

#### FIRE AND NAMES

Residents of Galiano are reminded by the Volunteer Fire Department to please have their name near their home. In emergencies it saves precious time to have clear details on where to go quickly. The Volunteers are a grand lot of people, and it makes living on the Island so much safer to have them!

## In the shower

There are melodies I won't sing,  
Some tunes I dare not utter,  
And songs that tell you everything,  
But these I only mutter.

- John Healey

### ARBUTUS RED BERRIES OVERLOOKING BLUE OCEAN WATER

## Salt Spring sailors elect executive

BY PHYL SINCLAIR

The Salt Spring Island Sailing Club held its annual general meeting on November 30 at Central Hall.

The treasurer, Wayne Pearce, read and handed out copies of the financial report, and vice commodore Jim Sinclair gave a report of the year's progress, and distributed copies of the clubs assets.

Rear commodore Dick Moore reported on the 'Round Island Race and Regatta, and made suggestions for future sailing instruction and first aid courses.

Fleet Captain Doug Thomas said that the racing year was successful, with many boats coming out for each race. Historian Hilda Moore brought along the club's scrapbook and photo album and made a recommendation that the incoming historian also be social chairman, to help organize the several functions held during the year.

Doug Foerster of the Salt Spring Sabot Club reminded members that the Juniors are tops in their field with nine island sailors coming in the top nine positions of 26 entries in the BC Schools Championships. They also did well in the under 13's and under 16's competitions, and the Maple Bay Regatta. They would make knowledgeable additions to any crew, and a list will be available for the new year.

The election of officers followed, and the incoming slate is: commodore - Doug Thomas; vice-commodore - Tom Butler-Cole; rear-commodore - John Burnett; Treasurer - Wayne Pearce; secretary - Barbara Dahlgren; cruiser fleet captain - Cliff Carey; power fleet captain - Ted Gear; dinghy fleet captain - Jim Sinclair; handicapper and measurer - Don Baxter; historian - Doris Harvey.

Margaret Pearce led a vote of thanks for the hard work of the outgoing executive.

Many, many members have also given generously of their time and labour to get the docks and property to its present state of completion.

The past executive would like to take this opportunity to thank all those who have worked so hard during the past year, truly an amazing feat of co-operation, not to mention blood, sweat and tears.

There will be no meeting in December. The next event is the annual trophy award dinner, tentatively set for January 6 at the Cedar Beach Resort.

## Project reaches completion

# Light comes to powerless Pender people

They've seen the light at Wallace Point.

Last week saw the last line strung through the Neptune-Wallace Point project to bring power to the isolated community at the end of the road.

The road is nearly four miles long. It is also many years long.

The residents of Wallace Point, which is also termed Trincomali, have been pressing for power for nearly 10 years. But they were caught in a squeeze.

Wallace Point was already populated when the provincial government began looking closely at lot sizes in the islands.

The road to Wallace Point ran through the Neptune subdivision, which was already on the drawing boards a decade ago. But, although the subdivision was clear in the minds of its developers, it was not evident to the provincial government. As a result, the subdivision was not recognized when the 10-acre freeze came into being. Neither was the road which gave access to Wallace Point.

The owners of property at Wallace Point were cut off from the rest of the island when the 10-acre freeze came into force. The road was a private route and the property through which it ran provided no public access.

The Wallace Point residents gained an injunction to keep the road open, but there was still no power.

### THEY SHUDDERED

BC Hydro looked at the picture and shuddered. There was no way they could raise poles and string wires through private property.

The government could not require the owners to dedicate a public road which they had no use for. The powerless people of Pen-

der could do nothing for that same reason, that the access could only

power so long that one small incident was nothing!

John Thomson, Hydro manager in the islands.

are happy at last.

They paid warm tribute to the help they had enjoyed from Hugh Curtis, MLA for the Islands and minister of municipal affairs. Curtis had been in on the deal from the start. When he was chairman of the Capital Regional District he was hearing of the sad plight of the powerless people.

And now there aren't any!

They were a happy group of people on Wallace Point when a Driftwood photographer visited them last week. They gathered around the evidence of the BC Hydro presence. Here they are,

Wallace Pointers, Gordon Wallace, Jim Peters, John Howell, Philip Bergenham, Harold Vye, Ned Bradshaw and Jutta Berger. From Hydro are Doug Box, Bobbie Wood and Lee Cochrane.

be gained through private property.

The picture was a stalemate for a number of years. Several years ago the property owners met with spokesmen for the Neptune subdivision as well as Hydro and government officials and reached an amicable arrangement.

The new arrangement provided for 10-acre lots, a new road, constructed by Cec Bader, of Salt Spring Island, 3.75 miles of Hydro lines and a new era for Wallace Point.

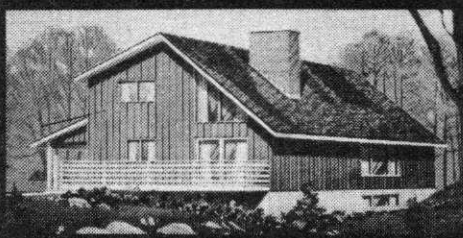

The job came to a close on Friday.

### THEY LEARNED

But residents of the area newly served by Hydro were not slow to learn the problems of high lines, high trees and high winds. The storms of two weeks ago, which, beleaguered most of coastal British Columbia, left the first homes on Hydro without power. They shrugged it off. They have been without

Last week they were already discussing trimming trees with wire and several dozen residents

## Weather was greener in 1933 reports observer for islands

November turned out to be a rather nicer month than one normally expects, reports Walter Hunt-Sowrey, Dominion weather observer at Mayne. Detailed report is as follows:

It gave us quite a fair rainfall, with ground saturation around the 28th, when my creek began to run again.

We also had two periods of mostly clear and frosty weather, pleasant, but killing as far as flowers were concerned.

After a period of rather heavier precipitation than usual, we are once more back to our long-time average in rainfall.

These variations are quite visible when one drops a tree for the winter wood. The annular rings on the wood show these variations very clearly, as well as the difference between summer and winter growth. Looking back over the years, our very equable climate on this coast is very visible, even if the odd year does give rather heavier variations than usual.

For instance, in 1933 we had a very heavy snowfall in October, and a green winter after that.

Here are the November weather statistics:

|                        | 1978       | 1977       | 1976       |
|------------------------|------------|------------|------------|
| Rainfall,              | 3.85 ins.  | 5.76 ins.  | 1.30 ins.  |
